Ariana Clausen – Vélez, is a Reverend and HPs of the Old Religion, founder of Temple of Diana in the Commonwealth of Mass and of Ordo Sanctus Falcona Templum di Diana Triformis also known as Ordo. Living in the Caribbean Islands and born in the Northern part of the United States, Ariana has an affinity to nature and all the Mother Earth creatures and listens to what answers lie from within.

Ariana is a reader of both the Tarot and Traditional Astrology and by looking into what the nature of the planets bring she brings into the light that of one's life path as predicted by ones' planetary alignments upon ones' birth and annually. She has been reading astrology professionally for over 10 years and has been one of the stars since a child. There is a mystery to astrology as it is the oldest of all divination methods and looks to the nature and essences of the planets for answers. Ariana Afsanay Clausen -de Velez is an astrologer who follows the guidance of the Mighty Ones, I read Traditional Astrology in where the planets and their placements denote, portend and define ones' life, their essence, and more. Following those astrologers of the 17th Century and before the readings are precise and will guide you to know whether you will get a raise, promotion, children and more.

Included in your reading, she provides for you, your ruling Arabic Moon Mansion, Egyptian Ruling God or Goddess, Arch Angel and Guardian Angel, and an in-depth reading into your planets and houses.

In Tarot she uses astrology blended within [as they are both connected], by using the Thoth Tarot, and from this she can see if you will gain in fortune, have issues within the home, will you marry, and much more. She has been reading Tarot for over 10 years as well.

Readings for a Native or Annual Astrology reading are via email or phone to gather the necessary information and to keep you posted on the progress.
